Features + Specifications

Intended Use:

- Building interior (suitable for wet location)
- Building exterior (wet location CSA LOC3, covered ceiling)
- Deeper cone low glare optical design for enhanced visual comfort
- Minimal trim design define refinement
- Unit is IC rated without use of recessed housing

Construction:

- Die-cast aluminum one-piece trim and lower reflector
- Extruded aluminum high efficiency heat sink
- Precision optical upper reflector cone with clear glass protective lens
- Heavy duty installation springs ensure tight fitting to ceiling
- Gasketed for wet location ceiling mount (CSA LOC 3)

Finish:

- Powder coat paint finish, colour choice of Satin White, Satin Black and Metallic Aluminum

Optical System:

- High quality precision reflector cone optics with clear glass lens seals off LED chamber
- SP 15°, NFL 25°, FL 38° & F6 = 60° reflector cone optics
- Luminus GEN III COB, 90CRI, R9>50, 3 SDCM binning
- CCT choice in 2700K, 3000K and 3500K, 4000K available by request
- 50000 hrs L70 <25°C ambient, 35000 hrs L70 >25°C ambient

IP54-RDDC85

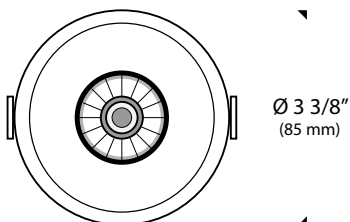

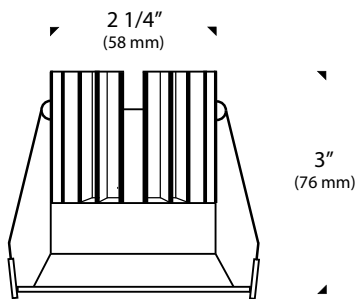

Electrical System

- Plug in style driver box with FT6 connection cables
- Driver junction box fill meets in/out wiring for 4 x 12AWG conductors
- High efficiency constant current drive technology, low THD, HPF, RoHS compliant
- 7W, 9W, 12W & 15W system watt
- 120V AC line dimmable with most phase cut dimmers, 120V AC with 0-10 control optional
- Driver box is IC rated with class II output

Mounting:

- Ceiling recessed mount
- Can be use as retrofit into existing finished ceiling
- New construction mounting plate is available, please order TP3
